LTG Samuel V. Wilson
Deputy to the DCI for the
Intelligence Community
Washington, D. C. 20505

Dear General Wilson:

The attached memos are DOD user comments reviewing the FY-75 KIQ's and describing suggestions for the FY-76 KIQ's for input to the NSCIC Working Group. I will circulate the additional inputs if they come in.

The DKIQ's, however, remain DOD's formal input to the FY-76 KIQ's. The attached comments should be regarded as a supplement to the DIA input, and their primary value lies in giving your staff and the NIO's a clearer picture of the views and priorities of various components of DOD.

Sincerely,

Robert Ellsworth
Assistant Secretary of Defense
